## CASCADE 98

WIRELESS & WIRED 98% HOT-SWAPPABLE  
BACKLIT MECHANICAL KEYBOARD

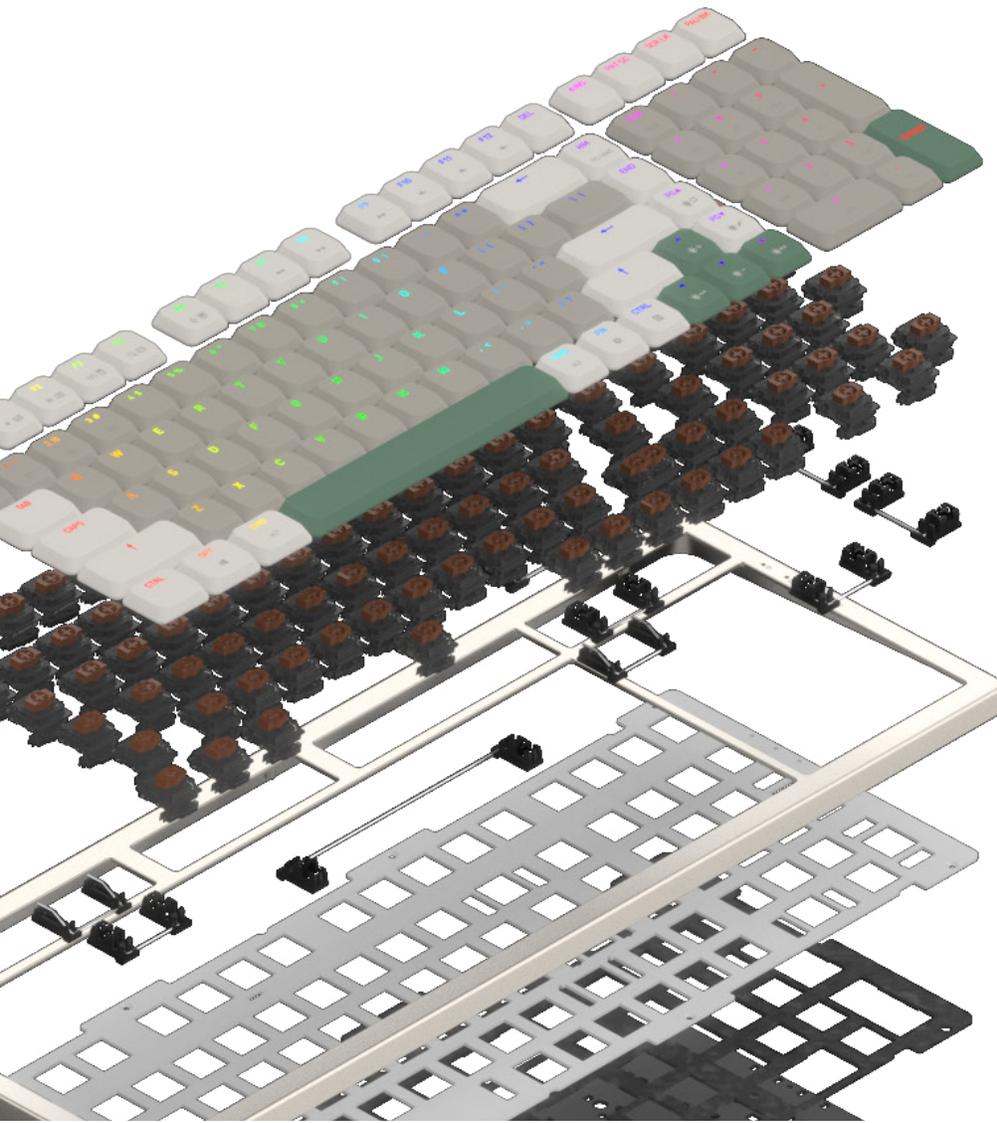

---

### STORY

The Cascade 98% Keyboard is an innovative customizable keyboard designed to bring all the best features of compact keyboards and retain the functionality of a full-size keyboard for maximum functionality with a minimal form.

Compact keyboards sacrifice the number pad and function row to give you more space, but the Cascade 98 retains those functions and the compact spirit with little compromise.

# CUSTOM MADE EASY

---

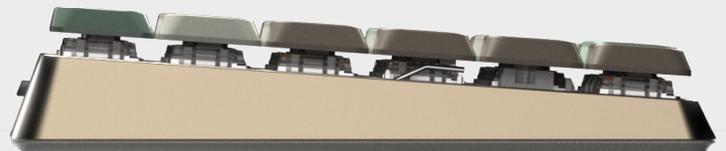

Customize your typing experience anytime with hot-swappable switches that allow you to swap out your switches to your preference.

## 2 BODY PROFILES

No one-size-fits-all; the Cascade Keyboard comes in a standard & slim low-profile body.

**CASCADE**

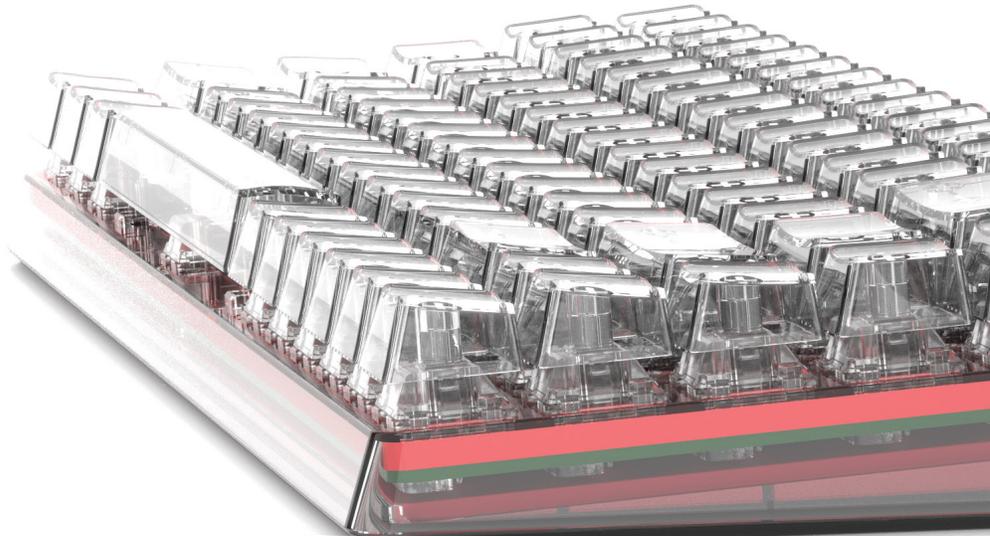

**CASCADE SLIM**

# DESIGNED FOR ENHANCED ACOUSTICS

---

Cascade 98 includes a built-in foam damper that reduces vibration and rattle for a pleasant sound profile.

# DURABLE ALUMINUM CASING

---

Built with an aluminum top casing for a robust typing experience.

# FULL-SIZE NUMBER PAD

---

To minimize input errors, the Cascade 98 includes the traditional large size "0" on the number pad.

# BRIGHTEN UP YOUR SPACE

Create the perfect visual experience with full RGB lighting and 17 color modes.

# FULL VERSATILITY

With a click of a button, you can switch between Mac, iOS, and Windows mode seamlessly.

# UP TO 5 DEVICES

The Cascade 98 can pair up to 5 devices at a time with 3 Bluetooth profiles and USB + RF modes.
