

# A Z I O

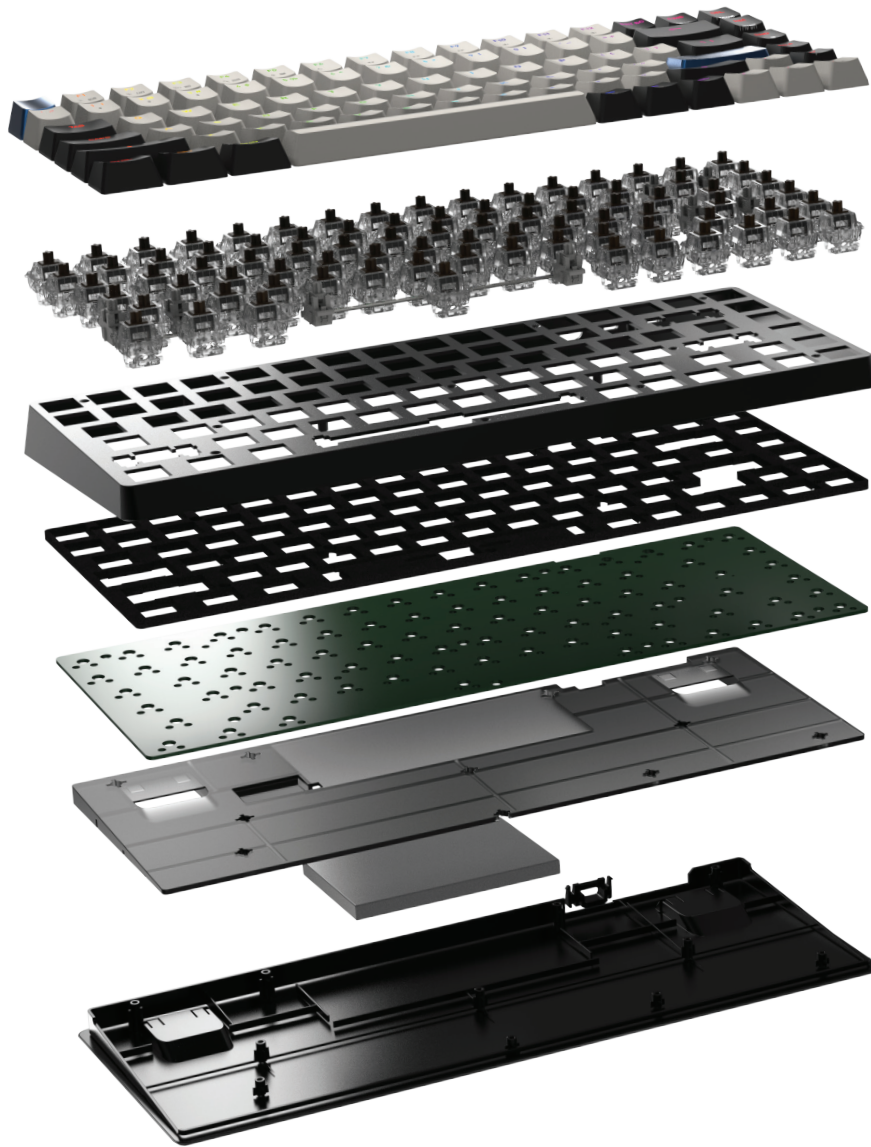

## CASCADE & CASCADE SLIM

WIRELESS & WIRED 75% HOT-SWAPPABLE  
CUSTOMIZABLE BACKLIT MECHANICAL KEYBOARD

The Cascade Keyboard is the all-solution compact keyboard that allows users to customize both feel and aesthetics—Built with a unique trapezoid form, and crafted for a sleek modern design and stability.

The Cascade's compact layout neatly minimizes the amount of space while retaining all the essential function keys, for a balance of form and function.

# FULLY CUSTOM BUILD

---

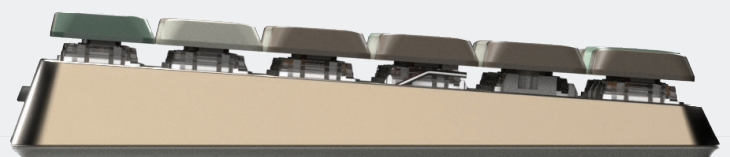

Customize your typing experience with hot-swappable switches, interchangeable top plates, and many keycap color options. With many more customization options coming soon, the Cascade has endless possibilities and evolves with you.

## 2 BODY PROFILES

No one-size-fits-all; the Cascade Keyboard comes in a standard & slim low-profile body.

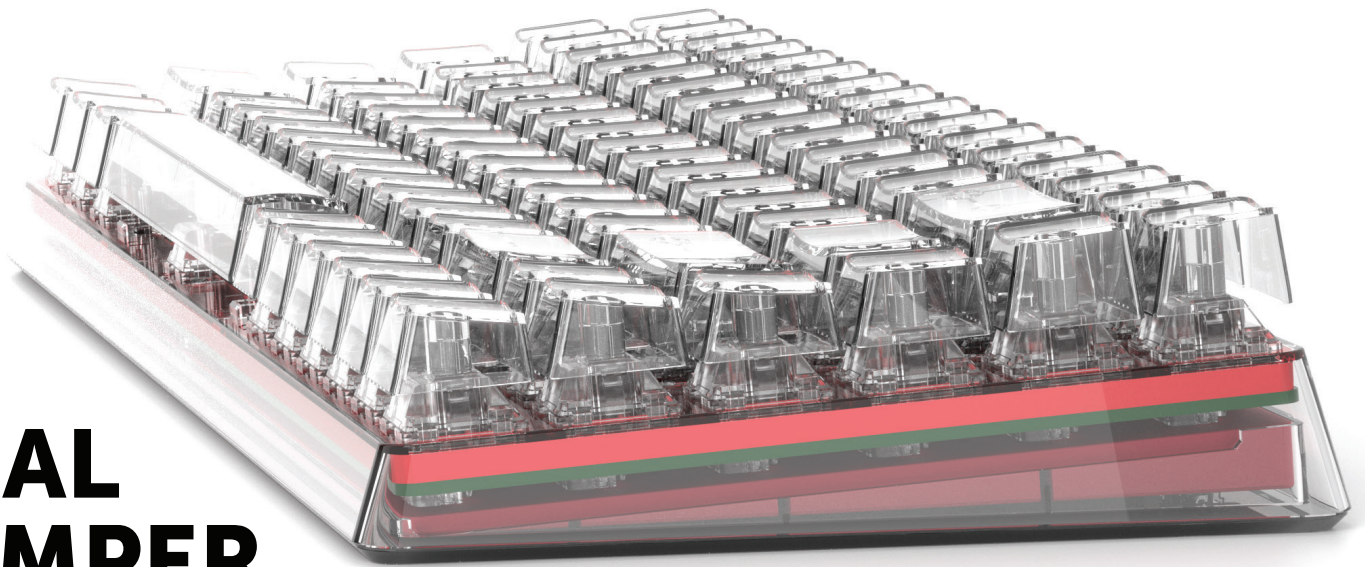

**CASCADE**

**CASCADE SLIM**

# DUAL DAMPER

---

With built-in silicone and foam dampers for enhanced acoustics, and reduced vibration and rattle.

# HOT-SWAP SWITCHES

---

The Cascade is compatible with any MX switch & Cascade Slim with any Gateron low-profile switch—so you can customize the sound & feel.

# ENDLESS KEYCAP DESIGNS

## RGB LIGHTING

With stunning RGB backlit keys & 4 light modes for mesmerizing visuals.

## ALUMINUM UPPER BODY

The aluminum plates are interchangeable to customize the look of your keyboard with more color options in store.

## DUAL VERSATILITY

With the flip of a switch, switch between Mac & PC OS or Bluetooth & USB modes in a flash.
