## CAMERA-INSPIRED HOT-SWAPPABLE WIRELESS BACKLIT MECHANICAL KEYBOARD

---

### FOQO PRO STORY

The FOQO Pro is AZIO's ultimate keyboard for professionals, creatives, and artists alike. The name FOQO is derived from the word "focal" for two purposes: a design inspired by cameras and their lenses, and the ability to focalize your workflow in one place.

Revolutionize the way you work with the unique Control Knob: a control center that navigates your media and backlight, and a macro mode that allows users to program its 5 buttons. The FOQO Pro features hot-swappable switches allowing you to fully customize your typing experience. Type in confidence knowing each material is crafted for durability, and each function is made to improve efficiency.

# FEATURES

## Vintage Camera-Inspired

Inspired by vintage range finder cameras, the FOQO Pro streamlines many of its features while maintaining a premium, sleek appearance.

## Hot-Swappable Mechanical Switches

The FOQO Pro is compatible with any mechanical switch color and brand - allowing users to customize the typing sound and feel anytime.

## Durable Textured Body

Similar to cameras, the body is crafted with an in-mold leather texture for remarkable durability.

## Mac & PC Compatibility

With a click of a key, switch between Mac & PC operating systems in a flash.

## Humongous Battery Life

The industry leading 4,000 mAh capacity rechargeable lithium-ion battery can run on a single charge for months.

## Streamlining Control Knob

3 Control Knob Modes: Multimedia, Backlight, and Macros. Program your favorite shortcuts to any of the 5 buttons on the control knob.

## Dual Aluminum Plate Structure

With a stunning bead-blasted anodized surface finish, durability is further improved with a dual aluminum plate structure.

## RGB LED Backlight

The FOQO keyboard offers 9 LED colors and 4 RGB light modes for mesmerizing backlight visuals.

## Bluetooth & USB Interface

Choose to connect to any device via wired USB or Bluetooth. In Bluetooth mode, connect up to 3 devices at a time.

## USB Type-C Charging

The FOQO Pro keyboard is equipped with a braided USB Type-C cable for quick charging.
